To whom it may concern:

**Re: 4 Star Ventures Ltd. (4 Star) HSE Program Endorsement**

By way of this letter, I would like to confirm the above-mentioned and to further detail this company's commitment to their Health, Safety and Environmental Program.

For nearly a decade "4 Star" has partnered with Health and Safety Insights to assist them in the continuing modernization and augmentation (to a much higher standard than most in their industry) of their HSE Management Systems. Throughout the years they have shown an unwavering commitment to the health and safety of their employees and efforts to have a much higher calibre of program to fulfill prime contractor HSE requirements.

As Partnership's Auditor's for the AASP, ENFORM, MHSA and ACSA, we feel very comfortable endorsing this company's efforts to meet and exceed all legislative requirements and the COR protocols/ criteria's for their HSE program.

Note: 4 Star Maintains a COR through the AASP and has for many years. Their last Audit Score was 100% and verified externally as their excellent scores and status on ISNetwork.

Should the reader have any questions or require any additional clarification, please do not hesitate to contact our office directly.

Yours truly,  
Safety Insights.
